**2018 Highlights Include:**
- More than 15 hours of show time
- Hands-on Demonstrations on the show floor
- Learn about the latest industry trends
- Interlocking Concrete Pavement Institute participation
- Masonry Systems Selling (MaSS) Conference
- Networking opportunities
- Featured Plants and Virtual Tour with refreshments and prize drawings
- Social events
- Product Development and Creative Concepts Forum
- Boot Camp for Production Personnel
- SRW—Sales Professional and Installer Certification program
- ICON EXPO Brunch with featured speaker ESPN Analyst Herm Edwards

ICON EXPO is sure to have something for everyone. Visit the ICON EXPO website at [www.iconexpo.org](http://www.iconexpo.org) to see all the details.

Centrally located, Indianapolis offers easy access into the city and has been a popular destination for previous equipment trade shows. ICON EXPO 2018 will be held in conjunction with the NCMA Annual Convention, February 6–8, and the Interlocking Concrete Pavement Institute’s Annual Meeting, February 11–14.

I look forward to seeing you in Indianapolis!

Steve Berry
NCMA Chairman of the Board
# ICON EXPO 2018: Machinery & Equipment Show Participants (as of 11/19/17)

**ICON EXPO 2018 SCHEDULE WITH NCMA AND ICPI EVENTS**

(as of 1/5/18 calendar subject to change.)
ICON EXPO Featured Speaker Brunch

Friday, February 9, 2018 | 9:00 am – 11:00 am

Join participants for a welcome brunch to kick off ICON EXPO 2018. Come hear the inspiring words of ESPN analyst, former NFL coach and motivational speaker Herman “Herm” Edwards. Edwards’ experience in building relationships and striving for his goals will energize the audience before the show floor opens.

Fee: $65 (before January 12, 2018)
$85 (after January 12, 2018)

NCMA Business Luncheon

Thursday, February 8 | 12:00 pm – 2:00 pm

Don’t miss the NCMA Business Luncheon with featured speaker business strategist Mark Mitchell. Mitchell will show the audience the critical ways to grow relationships with customers and the questions companies need to ask themselves to expand their building material sales. Join members for several award presentations to well-deserving colleagues and hear NCMA Chairman Steve Berry deliver the association update.

ICON EXPO Networking Reception

Friday, February 9, 2018 | 5:00 pm – 6:00 pm

Join participants for the ICON EXPO Networking Reception, where the networking and fun continue on the show floor.
Featured Plants and Virtual Tour

Saturday, February 10 | 7:30 am – 9:30 am

This year’s Virtual Tour features five concrete masonry and paver production facilities including:

- **Basalite Surrey**, British Columbia, presented by **Pathfinder Systems**
  Basalite installed a new TG-6 plant with finger car, CC Cuber and Robotic Pallet Accumulation. The tour will show the plant’s new generation controls and reporting, plant-wide preventative downtime sensors and Wi-Fi broadcasting GOT screens and inline processor for pavers.

- **CPM Frederickson an Oldcastle Company**, Tacoma, Washington, presented by **MASA**
  CPM Frederickson will feature a state-of-the-art MASA machine 2017 for the production of SRWs, pavers and slabs.

- **Dagostino Building Blocks, Inc.**, Schenectady, New York, presented by **Besser Company**
  In the summer of 2017, Dagastino updated their plant with a state-of-the-art Servopac Select® to increase their productivity and production flexibility.

- **Firth Industries**, Auckland, New Zealand, presented by **Columbia Machine**
  Firth Industries houses a Duel CPM+50 production plant. The tour will display the production of high quality CMU, paver and SRW products.

- **Persimmon PLC**, in Doncaster, UK, presented by **Rekers (NA) Inc.**
  The biggest home builder in the UK, Persimmon will highlight their new, big-board KRS4 with specialty package for making cored-facing bricks and specialty cyber and handling line for voided packs.

NCMA Product Development & Creative Concepts Forum

Saturday, February 10 | 4:00 pm - 5:30 pm

Concrete masonry and hardscape producers always enjoy this annual event where they have the opportunity to discover great new products! This forum promotes the development of new and existing concrete masonry products, method of production, innovation in block and brick designs and systems integration within markets through the continuous search for new products and uses for concrete masonry.

**ICON EXPO 2018 Demonstrations (during select show hours)**
Additional Demonstrations will take place on the show floor in the Demonstration Area sponsored by exhibiting companies. Exhibiting companies interested in demonstrating in the Demonstration/Education Area on the show floor should contact NCMA at (703) 713-1900.

Prizes

- $500 gift card to Allen Bros., America’s Purveyors of the Finest Meats, sponsored by **Besser Company**
- DJ 1 Spark Drone sponsored by **Columbia Machine**
- $500 cash prize sponsored by **MASA**
- Tundra 45 cooler and four 30-oz. stainless steel Rambler Tumblers from **Pathfinder Systems**
- Gold Medal Wine Club gift certificate sponsored by **Rekers (NA) Inc.**

Refreshments will be served before and during the tour and there will also be prize drawings for producers in attendance. Must be present to win.
The Knowledge Garden located on the ICON EXPO 2018 show floor will offer 30-minute lightening talks about industry trends and hot topics. Don’t miss this opportunity to learn from some of the industry’s leading authorities on these very timely topics.

Friday, February 9 | 1:00 pm – 4:00 pm
1:00 pm – 1:30 pm | Crystalline Silica Regulation & Compliance
Companies are required to follow the new rules for respirable crystalline silica. Come hear what they are and how block plants can comply. Speaker: David Ayers, Approved Safety and Environmental Management

1:30 pm – 2:00 pm | OSHA Safety Regulations
Understand the new OSHA Safety Regulations and how they are going to affect your company. Speaker: David Ayers, Approved Safety and Environmental Management

2:00 pm – 2:30 pm | Segmental Retaining Wall Best Practices – Unit Requirements
The SRW Best Practices Guide provides recommendations for successful SRW projects. NCMA Director of Geotechnical Systems Gabriela Mariscal will review the recommendations for properties of SRW units.

3:30 pm – 4:00 pm | 2015 International Building Code & Making Masonry More Competitive
Changes to the 2015 IBC can increase efficiency and cost-effectiveness of using concrete masonry. Jason Thompson, NCMA vice president of industry advancement, will review the changes and provide ways for concrete masonry to be more competitive.

Saturday, February 10 | 10:00 am – 11:00 am
10:00 am – 10:30 am | Building Information Modeling – MasonryIQ
Building Information Modeling (BIM) is changing the way the construction industry does business. President of 3DiQ Inc. Tom Cuneio will introduce a new tool for modeling masonry in BIM with his product MasonryIQ.

10:30 am – 11:00 am | Direct Design for Masonry Structures
Learn the benefits of using the third version of the Direct Design program for masonry construction, including interaction between Direct Design and BIM programs.

1:00 pm – 1:30 pm | Construction Cost Comparison Study
Understand the results of the construction cost study completed in 2017 demonstrating the cost-effectiveness of concrete masonry construction.

2:00 pm – 2:30 pm | Improving Freeze-Thaw Durability of Dry-Cast Concrete Products
Vice President of Technical Development for ACM Chemistries, Inc. Craig Walloch will review the guidelines in the recently released white paper, Improving Freeze-Thaw Durability of Dry-Cast Concrete Products, which provides recommendations to producers on how to improve durability of SRW units through material choices, optimizing production variables and quality control.

2:30 pm – 3:00 pm | Concrete Masonry Plant Certification Success
Ryan Greenehagen, manufacturing engineer at Basalite Building Products, LLC, will present the steps Basalite took to become a Certified Block Plant and how it has changed the company.

3:00 pm – 3:30 pm | NCMA Freeze-Thaw Durability Research: Wet-Cast vs Dry-Cast
Through an NCMA Foundation grant, NCMA has researched wet-cast vs. dry-cast concrete relative to freeze-thaw durability. NCMA Vice President of Business Development Nick Lang will review the research project and conclusions when comparing these products relative to freeze-thaw durability.

*If adding the MaSS Conference to the NCMA Registration packages, the fee is as follows for the conference: Member Rate: $325; Non-member Rate: $525

The Masonry Systems Selling Education Conference (MaSS Conference) is a three-day educational program designed for concrete masonry mid-level sales personnel, regional promotional executives and contractors. Keynote presenter Mark Mitchell is a building materials sales and marketing consulting executive and business strategist that brands himself as the “Whizard.” Mark is the author of the book Building Materials Channel Marketing and hosts the “Building Materials Sales and Marketing Workshop.” Read more details on his website: www.seethewhizard.com.

Through motivational and inspirational education, the MaSS Conference will provide industry sales personnel with the tools they need to sell concrete masonry wall systems. Each session during the conference will cover a variety of essential topics. While a large focus will be on how to compete with other building systems and increasing masonry market share, the education will provide opportunities for sales professionals to grow and succeed in their roles. For more detailed information about the MaSS Conference, visit www.iconexpo.org/masscon.

Member Rate: $450 (Early Bird) / $550
Non-member Rate: $650

Segmental Retaining Wall — Sales Professional and Installer Certification Program

Saturday, February 10, 2018 | 8:00 am – 3:30 pm
3:30 pm – 4:30 pm  Optional Exam
3:30 pm – 5:30 pm  ICON EXPO & Demonstrations on the show floor

SRW sales people and installers can increase their knowledge by participating in this one-day program to become a certified SRW Sales Professional or SRW Installer. The program will consist of the essential concepts related to SRW design, construction and safety practices. All customers want and expect quality-installed segmental retaining walls. Program attendees will review the tools and best practices to guide customers to take necessary steps for high quality wall performance. For those interested in completing an exam in class, a hard copy exam will be offered from 3:30 – 4:30 pm (all others can take the exam online).

Member Rate: $325 (Early Bird) / $425
Non-member Rate: $525

See page 13–14 for complete Registration Packages.

Early bird deadline is January 12, 2018

The Boot Camp for Production Personnel will present information to increase their production and sales knowledge. The camp will consist of three sessions beginning with an overview of the industry. Next, the production overview will provide attendees with information to produce a high quality product. Some of the topics will include density; unit dimensions; batching and proper mix sequence. The last part of the program will be three safety-related training sessions covering Alternative Methods to Lock Out Tag Out, Confined Space Rules and an update on the OSHA Walking-Working Surfaces and Fall Protection Standards that will take place in the Demonstration Area on the ICON EXPO show floor.

Member Rate: $325 (Early Bird) / $425
Non-member Rate: $525

NCMA Spouse/Companion Program

Welcome to Indianapolis Breakfast and Book Talk

Wednesday, February 7 | 9:00 am – 11:00 am

Start your day by joining other registered spouses/companions for breakfast and a book talk about Amor Towles’ *A Gentleman in Moscow*. *A Gentleman in Moscow* offers a chance to sink back into a lost attitude of aristocracy—equal parts urbane and humane—just what readers might expect from the author of the 2011 bestseller *Rules of Civility*. But, if Towles’ story is an escape to some, it is also, ironically, a story of imprisonment. The book opens a few years after the Russian Revolution in a period of violent upheaval. A handsome count named Alexander Rostov has been summoned before the Emergency Committee of the People’s Commissariat for Internal Affairs and accused of writing a counter-revolutionary poem. The trial transcript offers an indication of the count’s blithe resistance to the spirit of the times. Imagine a younger, Slavic version of Alexander McCall Smith facing the Bolsheviks. Asked to state his occupation, he replies, “It is not the business of a gentleman to have occupations.” Only high-ranking friends keep him from being thrown against a wall and shot. Instead, he is declared a “Former Person” and sentenced to life imprisonment in Moscow’s Hotel Metropol.

Indianapolis Arts Center

Wednesday, February 7 | 12:15 pm – 4:00 pm

The Indianapolis Art Center was founded in 1934 as a Works Progress Administration program during the Great Depression to serve artists. Today, the Art Center inhabits a beautiful Michael Graves-designed building, which sits on a 9.5-acre stretch along the banks of the White River in the Broad Ripple neighborhood of Indianapolis. Join spouses and companions in a glass-blowing hands-on demonstration. You will create your very own glass-blowing or ceramics work of art. Departs from the Westin Hotel Lobby.

Traveling to Indianapolis

The Westin Indianapolis is located just 20 minutes or 13 miles from the Indianapolis International Airport (IND), making travel from the airport incredibly easy. Transportation options from the airport include taxis, share-a-ride services and shuttle buses. Amtrak provides rail service from Chicago to Indianapolis’ Union Station. Union Station is located four blocks from the hotel and is accessible via taxi.

Indianapolis is an extremely walkable city. A rental car is not necessary unless you are planning to travel outside of the downtown area. The majority of Indianapolis' downtown restaurants and nightlife can be reached on foot from the hotel’s front doors.
